Helping Children Communicate | Scholastic
The long-term benefits of learning another language go beyond being able to communicate with others. Professor Tina Bruce, renowned expert on early childhood and play, points out that 'children who speak three languages that have entirely different roots have a range of sounds and understandings that are, in every sense, mind-expanding.'

How can young children best learn languages? | British Council
Demand is the willingness and ability to put one's desires into effect. It is assumed that tastes and preferences are relatively constant. Consumer expectations about future prices, income and availability : If a consumer believes that the price of the good will be higher in the future, he/she is more likely to purchase the good now.

Demand - Wikipedia
An incentive is something that motivates or drives one to do something or behave in a certain way. There are two types of incentives that affect human decision making. These are: intrinsic and extrinsic incentives. Intrinsic incentives are those that motivate a person to do something out of their own self interest or desires, without any outside pressure or promised reward.

Incentive - Wikipedia
